# Again We Can Say: The Best Suits in Town For Twenty-five Dollars!

The woman with \$25 to spend has become a big factor in this department. We've given the problem much thought—and we have provided the best Suits in our history at \$25 that are faithful reproductions of expensive imported models—suits totally different from those usually offered at the price.

There are all the newest effects, Norfolk and belted models, blouse effects, semi-fitting and loose fitting styles, etc., etc. Many have high close-fitting collars, or the soft, rolling collar that may be worn low or high up around the neck. A large number are trimmed with beaver or opossum fur; some are braid trimmed; a few are plain tailored. A new idea is shown in a model with shirred back and belted front; it has a pretty collar of contrasting material. They are made of poplins, gabardines, serges and broadcloths; in navy blue, brown, feldmouse, plum and black. All sizes for women, misses and small women.

We are proud of our \$25 Suits, and with good reason. Call in and look them over.
